Dear Partners, Colleagues, and Friends,

As of June 30, 2025, we bid a heartfelt farewell to **Mr. Huck Chen**, who will retire from his role as Director of CoreTech.

For years, Huck has been pivotal in shaping CoreTech's presence and credibility across Greater China and Southeast Asia, particularly through our enduring partnership with ULVAC-PHI. Beyond his regional leadership, Huck's dedication was instrumental in the successful acquisition of CoreTech's China operations by ULVAC-PHI—a milestone achieved through his strategic vision, relentless effort, and unwavering commitment.

On behalf of the entire CoreTech team, I extend our deepest gratitude to Huck for his exceptional contributions. We wish him a retirement filled with joy, fulfillment, and well-deserved relaxation.

Moving Forward:

Beginning **July 1, 2025**, I will assume the role of Director, honored to carry forward CoreTech's mission with the same standards of excellence Huck embodied. CoreTech remains steadfast in supporting ULVAC-PHI across Southeast Asia and Taiwan, delivering the same trusted technical expertise and service you rely on.

At the same time, we are exploring new opportunities to ensure CoreTech's long-term growth and adaptability in a rapidly evolving industry. Innovation will remain central as we strive to deliver even greater value to you—our partners and customers.

Thank you for your continued trust. I look forward to collaborating closely with you in this new chapter.

Warm regards,
Louis Chan
Director, CoreTech

**BEAMSENSE®**

"Elevating Industrial Precision:
CoreTech partners with BEAMSENSE
to Deliver Cutting-Edge Measurement Solutions"

We are proud to announce a strategic partnership that sets a new benchmark in precision and efficiency for industrial operations. **CoreTech** has officially joined forces with **BEAMSENSE**, a leading Japanese innovator in X-ray technology.

BEAMSENSE's breakthrough solutions deliver world-class 3D computed tomography (3D-CT) scanning, a powerful tool for reverse engineering, defect detection, and advanced product analysis. Through this collaboration, CoreTech now provides full access to BEAMSENSE's cutting-edge technology portfolio, backed by our proven expertise in local service and technical support.

Whether your objective is to strengthen quality control in existing production lines, accelerate new product development, or implement next-generation measurement systems in new facilities, CoreTech stands ready to deliver tailored solutions designed to meet your most demanding operational challenges.

For more production information, please contact to our team today.

FLEX-M863

BEAMSENSE Micro Focus Digital Radioscope (μ CT) redefines precision inspection with its advanced **3D X-ray imaging** capabilities.

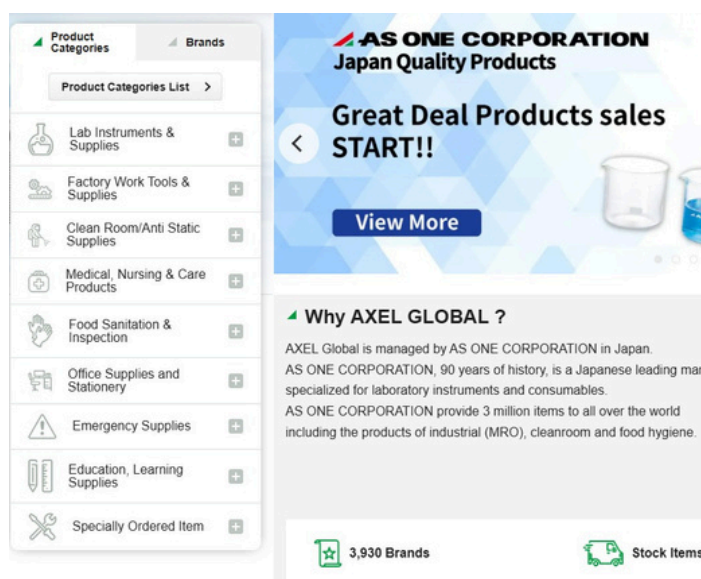

Combining high-resolution 3D-CT scanning and innovative stereo X-ray photography, it reveals internal structures of PCBs, small electronic components, and micro-assemblies with unparalleled clarity. Its 1.5 million-pixel CCD sensor and micro/nano-focus X-ray tubes deliver sharp, reproducible images, while **AI-powered analysis** automates defect detection.

CoreTech partners with AS ONE Japan to Elevate Singapore's Industrial Landscape

We are delighted to announce a transformative partnership with **AS ONE Corporation**, Japan's foremost innovator in scientific instruments, industrial equipment, and healthcare solutions. For over nine decades, AS ONE has been synonymous with precision, reliability, and cutting-edge technology, serving research labs, manufacturers, and medical facilities worldwide. Through this collaboration, we are proud to bring their extensive catalog of millions of high-quality products—from laboratory essentials and cleanroom supplies to industrial-grade tools and elderly care solutions—directly to Singapore.

Stay tuned for our official launch, complete with exclusive offers and personalized support. In the meantime, visit <https://www.axel-gl.com/en/> to explore how this partnership can benefit you, or simply contact our team—we'd love to hear from you.

WELCOME ONBOARD!

Dear Team,

I'm absolutely thrilled to introduce myself as your new admin here in Hong Kong! My name is **Katrina Chan**, and I can't wait to dive into the world of spreadsheets, schedules, and seamless support to help our team shine.

A little about me: I thrive on building connections—whether it's assisting customers with a smile, collaborating with colleagues to solve challenges, or sharing stories over coffee (*my unofficial fuel for productivity*). I'm passionate about creating efficient systems, but I also believe a little laughter goes a long way in making work enjoyable.

Hong Kong's energy is contagious, and I'm eager to channel that into supporting all of you. I'd love to learn about your roles, your favorite workflows, and even your go-to coffee orders—*consider me your new office ally!*

I'm eager to learn from this talented team and contribute to our shared success. Please don't hesitate to reach out—I'm just a message or a coffee chat away! 😊

Let's connect soon!

Cheers,
Katrina
